\*\*In response to government advice regarding the spread of the coronavirus, COVID-19, which the World Health Organisation had declared as a pandemic on 11 March 2020, the Governing Board had determined not to convene in the normal way for its meeting on 23 June 2020. Alternative arrangements by which the Board could instead continue to deal with the important business of the meeting agenda were established, taking into account several factors, including, the frequency of contact between the Chairman and the Headmaster, complemented by the increased inter-meeting communications which the Board had been receiving during the lockdown period. The Headmaster and others had responded to questions arising from Governors in relation to information provided in various papers, as circulated in advance, as usual and a formal record was subsequently prepared by the Clerk to summarise how the LGB had continued to address the key issues of each termly agenda in the absence of the normal meeting programme. This is lodged in the minute book.
