

Maths

Exam board: OCR (Foundation) OCR (Higher)

OCR Website: <http://www.ocr.org.uk/qualifications/gcse-mathematics-j560-from-2015/>

3 papers, all 90mins long:

- **1 non-calculator paper**
- **2 calculator papers**

Resources needed for revision:

- Revision guides available from the Maths department priced at £2.50. Each revision guide has a unique code that also unlocks online content for the students.
- Exercise and reference books with written notes in
- Past paper exam questions and mark schemes given in class
- Scientific Calculator

Top revision tips:

- MyMaths and mathswatch can be used for further explanations on topics as well as providing extra questions.
- Utilise Session 3 in the run up to the exams. Maths teachers are at hand for extra help with homework and there is a programme of topics being revised each week.
- When attempting past papers at home set yourself a time limit. This way you can learn how to manage your time effectively in the real exam.
- Work in pairs/groups to mix up your revision and share information. Each person has different strengths and weaknesses and working together can help you improve.
- Learn formulae
