

Design and Technology

Exam board: AQA - 8552/W Design and Technology: Written Paper (2hr)

Resources needed for revision:

- Revision guide. Available to borrow from the school library
- Access to on-line curriculum summaries of key topics and past papers – <https://olc.ttsonline.net/Subject/20606/Revision%20Resources/>
- Past paper exam questions and mark schemes from class or from the school web-site above
- Revision sites www.technologystudent.com and BBC Bitesize.

Top revision tips:

- Use the class notes and handouts and read regularly up until the examination
- Good organisation is key: Use a folder to keep all of your revision notes and worksheets together
- Use your revision summary to attempt exam questions on that topic. Have a look at the mark scheme and identify what you missed out.
- You will need a USB stick as digital revision resources will be provided
- Use notes and <http://www.technologystudent.com> to revise a topic and make a revision summary in a different format such as mind map, revision cards or poster.
