

Year 6 Careers Challenge

Hello to all our new Year 7 students from the Careers Department!

Introduction

Secondary school is a really exciting time where you will make lots of different decisions and plans that will shape your future. Have a go at one of these challenges to help you start your career journey.

1) What are the jobs of the future?

Careers and jobs have changed a lot over the last hundred, ten and even the last few years! Have a chat to your family about the jobs that have appeared in the last 5-10 years and try to predict some jobs of the future.

2) Who works at Thomas Telford School?

Have a think about the different people who work at Thomas Telford School? How many different jobs can you think of? What skills do they need?

3) Preparing for the future

What skills do you think you will need to be successful at Thomas Telford School? Make a list of the things you will need to start practising (eg. Being **organised** by getting my school bag ready each day, being **punctual** by making sure I get to school on time, improving my **presentation skills** by ensuring my handwriting is neat and I look after my school things.)

Have a great summer-See you in September
